

# HERE'S the POINT!

By SPENCE HELD

Marine Reserve fighter pilots at Mohave, Calif., on the desert, are using ammunition cans as ice cream freezers.

Summer temperatures hover above 100 degrees—but at 40,000 feet the thermometer drops as low as 50 below zero.

So, on non-gunners flights, the pilots carry ice cream mix in the cans for freezing at high altitude. . . . The ice cream is served to ground crewmen who service the Cougar jet planes.

The project was the idea of Maj. Richard J. Collins, USMCR, local veteran of World War II and the Korean War, now a Con-vaire test pilot.

Walter Varney, who grew up in Ocean Beach and settled down in far-flung Bali, has written another letter to his mother, Mrs. C. W. Varney, 4728 Saratoga Ave.

He's been traveling recently on the mainland of southeast Asia. His letter was written aboard a "kampon" during a trip on the Mekong River between Laos and Thailand.

A kampon is "a sort of river tug, with two grass-roofed sampans tied alongside," he wrote.

"This Mekong River is as wide as from 4728 to the beach, reddish tan with clay silt, and only a few meters deep. Floods full now that monsoon rains are here; when low it is mostly sandbars. So now it is a level sheet from the Thailand wall of rain forest to the Laos wall. About every hour we pass a village, six or ten bamboo shacks."

Later he wrote from the river town of Savannakhet, Laos.

"Some prices are low here. Shave, 10 cents, hotel \$1 a day. But though soda pop is 6 cents, imported coke is 20. Travel by car about 1 cent a kilometer, or 1/2 mile.

"Except for face and clothes, everyone looks alike. Men about 5 feet tall, women 4 something. Just now saw a 6'2" scrawny Frenchman with a barrel-shaped wife walking in a crowd. The two looked like freaks in comparison with the trim athletic locals.

"The fishermen's dugouts are wonderful, the best I've seen anywhere. About 40' long, egg-shell thin, with lovely lifting deeps. Three or four feet wide, 3' deep."

Adm. Frederick C. Sherman, USN, ret., has gone to his eternal rest atop the Point Loma he loved so well.

He died Saturday at 69. . . . Services were held Tuesday in All Souls Episcopal Church, and burial was in Fort Rosecrans National Cemetery.

This was an authentic American hero, courageous in war and a fighter in peacetime for the things he believed in. . . . From the Coral Sea and the bridge of the shattered Lexington to the bright promise of California Western University, Adm. Sherman followed the path of duty and high-minded integrity.

The bugle sounds taps. . .

## 'California Story' Top Fiesta Event

An exciting round of activities will keep residents and visitors busy as the Fiesta del Pacifico goes into its second gala weekend.

Topping the list of things to do are the performances of "The California Story," the big musical central attraction of the Fiesta, which plays nightly except Tuesdays in Balboa Stadium. Lucille Norman heads the big cast of 1,300 actors, singers and dancers, while Arthur Godfrey is a special guest through Saturday night.

A championship rodeo sanctioned by the Rodeo Cowboys Association, the San Diego County Sheriff's Rodeo, will be held at Lane Field at 8 p.m. Saturday and 2 p.m. Sunday. Top cowboys will compete in all the thrilling rodeo riding and roping events.

Pacific Beach is making elaborate plans for a Fiesta parade, street dance and frolic on Saturday.

A musical event expected to attract unusual interest is the appearance of the Mormon Choir of Southern California at the Spreckels Organ Pavilion in Balboa Park. The 200-voice choir, which represents the 230 Mormon churches in Southern California, will sing at 2:30 p.m. Saturday and 2 p.m. Sunday.

Thousands of persons, local residents and visitors alike, will flock aboard the Navy warships holding open house at the foot of Broadway. The ships are open for visiting every day during the Fiesta.

The Dahlia Show, a floral feature of the Fiesta, will be held Saturday and Sunday in the Conference Building, Balboa Park.

## Ralph Madruga In Hospital

Condition of Ralph Madruga, 1272 Santa Barbara St., injured tunaboat captain, was reported "good" at Mercy Hospital yesterday.

Madruga suffered severe head injuries aboard the tuna clipper American Lady, 600 miles south of here, when he was attacked with a claw hammer by a mem-

ber of the crew, according to reports. He was flown to San Diego in a Coast Guard plane.

The crewman, Eugene Nizza, of San Francisco, was placed in a strait jacket and flown to S. D. in the same plane. He was taken first to the Naval Hospital and then to the County Hospital psychiatric ward.

## Optimists Win Pony League Championship

The Optimist team took the Ocean Beach-Point Loma Pony League championship by defeating 7Up in 2 games of a 3-game series.

The first game played on Monday, July 22, was a hard-fought contest which went into extra innings. Carl Silva, the winning pitcher, and Mike Dolphin, the loser, each held his opponents to 4 runs until the 8th when Kenny Brock slammed a homer to give Optimists the win 5 to 4.

In the second game, 7Up bats pounded out a victory over the Optimists to the tune of 11 to 4. Richard Vance, the winning pitcher, went all the way for 7Up and contributed a home run. He was supported with 3 additional homers, 2 by Mike Dolphin and 1 by Mike Wilkerson. Carl Silva hit a round-tripper for Optimists.

The final game on Thursday saw Optimists come back to down 7Up 10 to 4 behind the pitching of Bob Jorgensen and Carl Silva. Silva, who was credited with the win, blasted a home run to aid his team's cause. Tom Diven tallied with a homer for 7Up.

## Albacore, Bluefin Dominate Derby

Qualifying in the third and final round of the \$25,000 San Diego Yellowtail Derby appeared to be gathering steam today as large albacore and bluefin tuna again dominated the derby registrations even though yellowtail catches remained high.

Mixed schools of longfins and bluefins popped up two hours below the Coronado Islands to stimulate derby action and numerous fish in the 26 to 30 pound class were weighed in last weekend.

In contrast, yellowtail and bluefin catches were far above average last Friday when the second period fishoff of the derby was held, but the largest fish checked in by one of the 150 finalists was a 21-6 bluefin tuna caught by Kats Tanizaki, San Diego. He won a 1957 station wagon on the fish hooked before derby officials gave the signal to cease fishing.

At the close of the first week of the final derby period, minimum weight stood at 19 pounds and the season's yellowtail catch at 114,846.

Qualifiers from the Point Loma-Ocean Beach area at that stage of the game included: Bert Heber, 415 Rosecrans, 24-0 albacore; Allan Otis, 1004 Cornish Dr., 22-14 albacore.

## 2,000 Attend Open House At Bank Bldg.

The open house celebration for Bank of America's new Point Loma branch building drew more than 2,000 Peninsula residents last Thursday night.

The interior of the modern design bank was lined with floral pieces from well-wishers and business associates of the bank's manager, Jay H. Thomson, and his staff.

Visitors toured all sections of the building and vault. On the evening's schedule were refreshments, music, an unusual coin display, the starting of a two-

## WHEN IN ROME

As the couple traveled through Texas, they made a habit of stopping and talking with cowboys along the highways. They soon became bewildered at the parting words of their new-found friends.

It seemed that every time they left a group, someone would cheer them on their way with these words: "Howdy, oats."

Many miles from the scene the travelers finally figured it out. The natives were saying "Adios."

## EPITOME OF WISDOM

Sooner or later every business man dreams of the day when he can close shop and place a sign on the door which reads: "Gone fishing—be back in a month."

Merle and Verna Partlow, of 1179 Barcelona Dr., have a habit of doing just that. After taking in Frontier Days in Prescott, Arizona, they visited the famous Indian Pow Pow at Flagstaff. They returned home for a look-see, then struck out for the High Sierras.

Back home now, they'll be open for business at the same old stand Friday.

## INDOMITABLE

Mrs. Margaret Crolic, of 5056

Lotus St., has been gradually losing her eye-sight.

She lives alone, doing all her own housework. She has become proficient in dialing the telephone and recently has begun to tell time by feeling the hands of the clock.

Born in England, Mrs. Crolic came to San Diego 18 years ago. She has been living in Ocean Beach about four years.

During World War I Mrs. Crolic was a mail carrier in England. Before that she worked as a domestic at the Houghton Towers, reported to be the second oldest castle in England.

This is the place where King James knighted the steak—Sirloin. Some of the tables he used for the ceremony are still in the castle, Mrs. Crolic said.

## MAIL CALL

"We've just returned from walking around the crater rim of an active volcano which recently erupted," write the Louis Sahfrans who are vacationing in Hawaii. They live at 3705 Milan St.

The family took a cruise to Pearl Harbor where they viewed the sunken battleship of World War II, the Arizona.

"We found the outrigger canoe ride more exciting than our sailboat," they wrote.

## \$20,000 San Diego Handicap Set

### Saturday at Del Mar Turf Club

DEL MAR—The Del Mar Turf Club heads in the first full week of racing here this week, with the 320,000 San Diego Handicap capping activities on Saturday.

Off to a brilliant start, with attendance running well ahead of a comparable period last year, Del Mar hosts racing fans for a full six-day period this week, Sunday being the only day racing is not scheduled. Post time for the first race on all racing days is 2:15 p.m.

L. G. Burns' Eddie Schmidt, narrowly beaten by Find in a courageous effort in the \$100,000 Sunset Handicap on closing day at Hollywood Park, is the leading candidate for honors in the San Diego, a handicap event over a distance of a mile and one-sixteenth.

Also nominated for the race is Eddie Schmidt's stablemate Noredski, one of the better California-breds on the grounds.

Other leading nominees include Travis M. Kerr's stakes winning Lover Boy, J. Rukin Jelks' outstanding mare Miss Todd and Joe W. Brown's hard running pair of Gigantic and Quick Payment.

Lover Boy is right at home over the mile and one-sixteenth route and will rank as one of the favorites for the San Diego, depending on how the field is weighted. On the other hand, Miss Todd prefers a shorter distance, but has had difficulty getting competition from her own sex over shorter distances.

Del Mar's midweek feature is the \$10,000-added Junior Miss Stakes on Wednesday. The race is styled exclusively for two-year-old fillies and will be raced over a distance of six furlongs. The Junior Miss will mark the Del Mar debut of the sensational Canadian filly Camloc, who finished a surprise second to Sally Lee in the Hollywood Lassie.

## WATER CONSERVATION EFFECTIVE IN COUNTY

Effective water conservation measures—plus some favorable weather—have accounted for a remarkable six-month record of 3.6 billion gallons of water saved in county areas alone, Jerome Jones, Don't Waste Water Campaign vice-chairman, revealed this week.

City water use was also down, registering a saving of one billion additional gallons for the Jan. 1 to June 30 period.

"It was predicted county use would be 13 billion gallons to June 30, but our actual consumption has totalled only 9.3 billion—nearly four billion less," Jones declared.

"As a matter of fact, we have used 2½ billion gallons less than we did in the first six months of '56—proving that our efforts to conserve water in San Diego County are paying off," he added.

## LOMA PORTAL LITTLE LEAGUE

Capping one of the most remarkable performances in local junior baseball annals, Oscar's Midways rolled to their 18th straight triumph last week as they wound up with a perfect record in the first season of Loma Portal Little League competition.

The Midways, who clinched the second-half championship the previous week after nailing the first-half crown with nine consecutive wins, walloped North Lumber, 11-0, in the final contest.

Once again Gordy Lutes was the mainstay of the champions, limiting the Lumbermen to three hits and smashing a three-run homer in the first inning to start the whitewash. The Oscars put the game out of reach in the third with six runs tallied on hits by Jay Morgner, Bob Vincent, Billy Krause, Mike Gay and Larry Bardy.

Christy Gregg, Billy Severino and Steve Frank were the only Lumbermen to touch Lutes for a safety.

In last week's other game, Cubic Corp. upset Whitney's, 17-7. Cubic iced the verdict

with an eight-run splash in the third frame, and Joe King added insurance with a grand-slam homer for Cubic in the fourth.

Whitney's, with an 8-10 record, finished second in the standings, while North Lumber and Cubic shared the cellar with five wins and 13 losses apiece.

Lutes compiled a .491 average to win the League batting championship and the pitching title also went to Oscar's as Bardy hurled six victories against no setbacks to top his rivals. Whitney's Robert Falar slugged seven round-trippers to annex the home run crown, and Lutes led in runs batted in with 30.

## Vacation Driving Can Be Safe—But Take It Easy

SACRAMENTO — Vacation driving can be safe through the observance of a few simple rules, says the California Highway Patrol.

"Vacation trips by motor vehicle can be either enjoyable or irritating in accordance with the driving habits," declared Patrol Commissioner B. R. Caldwell. "Lack of planning, last-minute departures, long tedious stretches of driving without rest and trying to squeeze in a few extra miles of driving each day are all conducive of irritation and accident potential."

"The better and more enjoyable way is to plan your trip allowing sufficient time each day to stop and relax occasional-

ly," Caldwell stated. Eat a substantial breakfast, but avoid heavy meals during the day to eliminate the possibility of becoming logy or sleepy.

"If you leave the state, it is well to review the traffic rules and regulations of other states you plan to pass through," he continued. "And keep in mind always that traffic laws are safety rules worthy of your full consideration no matter where you drive."

During 1956 there were 2,200 more highway traffic deaths than in the previous year, reports the National Automobile Club.

Granting that the carburetor often is blamed for conditions that it does not cause, many motorists try to overcome faulty carburetor adjustment by changing gasolines. That, according to the National Automobile Club, seldom works.

## HEALTH FOR ALL

"Summertime—and the living is easy..." So says the Gershwin song. But the statistics don't agree.

Vacation time which should give us new life, actually takes the lives of nearly 20,000 people every summer. Automobile accidents kill 10,000; drownings, 2,650; accidental falls, 5,000; excessive heat, 1,000; boating accidents, 600. A far greater number are either temporarily or permanently injured by these causes as well as by fireworks, sunburn, hunting and mountain climbing accidents and a dozen others.

Much of this misery and massacre can be prevented. Before setting out on your vacation trip, have the car thoroughly checked, particularly brakes and headlights. Plan your driving schedule so that you don't have to cover too many miles in a day. The tired driver is an inefficient driver. The driver who falls asleep at the wheel is a potential killer. Obey all traffic regulations. They were made to protect your life.

Once you've arrived at your vacation destination, remember that even though the scenery is different, you're not. If you've been sitting at a desk for the past 50 weeks, don't try to be Tarzan overnight. Too much exercise can be far worse than none, bringing with it anything from sore muscles to death by heart attack.

Even if you're a topnotch swimmer, don't swim alone in unfamiliar waters. Unexpected currents have taken the lives of the strongest and most expert.

The sun is good for you, but too much can cause painful, disfiguring burns. In extreme cases of exposure, it can even kill. So take it in a small dose at first, using a good suntan oil and wearing a hat in the mid-day heat.

All this shouldn't mean that you set out on your vacation full of fear and foreboding. Obviously, millions of vacationists have fun without risking sickness or death. But whether they're at the mountains or the shore, camping out in a tent or staying at a luxury hotel, they all have one thing in common: common sense. Let's try to make it even commoner this summer. Then we can really mean it when we write home "Having wonderful time. Wish you were here."

### Small Business Firms Increase

The vigorous growth in the number of small business firms is revealed in the latest data issued by the National Association of Manufacturers showing 4,209,000 small firms in operation in 1956—a record high. This figure covers all firms with less than 100 employees each.

The chart shows a substantial increase every decade since 1926. The increase in the past ten years has been three quarters of a million firms.

Apart from the temporary effects of depression and war during the 30-year period indicated on the chart, the number of small business firms has kept pace with population growth.

## PENINSULA PERSONALITIES

Harriette Riggart, 10, is a much traveled young lady and has the distinction of attending five different schools in as many years. Daughter of Lt. (USN) and Mrs. H. J. Riggart, Harriette started kindergarten five years ago in Ocean Beach. The family has lived in Astoria, Ore., San Francisco and Japan since they left.

Lt. Riggart, just recently retired, brought his family back to their own home in the 4500 block of Santa Cruz Ave. Their other daughter, Mrs. Alfred Hurt (formerly Dolores Mason), is a graduate of Point Loma High. An architectural engineer, she was recently married in San Francisco. She is expected here on a visit soon.

Mrs. J. Gordon Peters has bought the triplex in the 4600 block of Narragansett Ave. Formerly of Seattle, Wash., Mrs. Peters has been here since last August. Her son-in-law and daughter, the Drs. Jay and Lael Kovtum, have just arrived from Seattle and plan to open offices in San Diego. Both are optometrists.

Neighbors of Mrs. Peters are Mr. and Mrs. Earl Ashmore, of Davenport, Ia. They moved here to be near their son, Mark, who

lives with his family in their new home at 4351 Monaco St.

From Copenhagen, Denmark come Mr. and Mrs. O. Jensen, who are at home now in the 1500 block of Ebers St. They were in San Diego several years ago, and returned to Denmark in 1956. Now they have decided to make this area their permanent home.

Returning to San Diego are Mr. and Mrs. Floyd Maxham, who have been in Denver, Colo., for three years. There are two daughters in the family, Marsha, 14 and Carolyn, 11. They are at home now in the 1500 block of Catalina Blvd.

Mr. and Mrs. H. D. Thompson, of Phoenix, have taken a house in the 4700 block of Santa Cruz Ave. They have two children, Toni, 9 and Terri, 5. Mrs. Thompson and the children just returned from a visit to Ohio.

Even in a car seven or eight years old some astonishing results are achievable with respect to noise elimination, reports the National Automobile Club. Give the car to a mechanic for an hour or two and let him try his hand at removing those annoying noises. The owner is bound to be surprised and pleased at the return on so small an investment.

## 'Pajama Game' Opens Tonight

"The Pajama Game," Star-Light's contribution of fun for the Fiesta, will have an hilarious opening in Balboa Park Bowl, Thursday, Aug. 1.

A zany mixture of love, laughs and labor troubles in the Sleep-Tite pajama factory, the show is also packed with hit songs and dances.

Romantic leads will be sung by Gene Clarke, popular San Diego baritone, and Polly Puterbaugh, La Jolla soprano, making her debut as "Babe." Comedy and corn are served up in king-sized doses by such Star-Light favorites as Lee Whitney, Charlie Cannon, Johanna Billings and Ole Kittleston. "The Pajama Game" will play through Sunday, then reopen for four more nights, Aug. 8-11.

New England is still using whale oil for illumination, but only in museum demonstrations. The oil, according to National Automobile Club, is burned in old Yankee sperm oil lamps during lectures on the lighting devices of 150 years ago. Whale oil started heading for the museum in 1859, when the discovery of petroleum brought in the kerosene lamp.

### Deadline Nears At S. D. State

Students planning to enter San Diego State in the fall semester are urged to make application immediately, President Malcolm A. Love said today.

Dr. Melvin A. Anderson, dean of admissions and records, said that applications and transcripts will not be accepted after Aug. 24, but added that all entering undergraduates are required to take a qualifying examination which will be offered on Aug. 17 and Aug. 24. He said applications and transcripts must be on file before the exam is taken.

Students making application must supply transcripts of all high school and previous college work, Dr. Anderson said. He

stressed that a 10 percent increase in enrollment is anticipated over last fall's record total of 7,944.

Figures released by Dr. Love indicate that San Diego State's full-time administrative and instructional faculty numbered 351 during the fall 1956-57 semester, with 86 part-time faculty members. Fifty new full-time instructors will be on campus in September.

Dr. Love said that students will attend classes for the first time this fall in the new \$1,900,000 Humanities-Social Science building. The building, now near completion, will have classroom space for 3,000 and office space for 130 faculty and staff members.

Registration for the fall semester will be held Sept. 18-20.

### BACK FROM ATLANTA

Mrs. Jules Joniaux, of 4452 Del Monte Ave., returned to Ocean Beach recently from a trip by air to Atlanta, Georgia to visit her brother, Lewis Jones and his family. It had been six years since they had seen each other. She was gone approximately two weeks.

### RUSSELL GRADUATES FROM ARMY COURSE

FORT LEE, VA. (AHTNC)—Pvt. Charles R. Russell, son of Mr. and Mrs. W. D. Russell, 5040 Saratoga Ave., recently was graduated from the supply handling course at the Army's Quartermaster School, Fort Lee, Va. Russell entered the Army last March and received basic training at Fort Ord. He attended Point Loma High School.

### Around the World Charity Premiere At Capri Tonight

"Around the World in 80 days" will have an International Charity Premiere at the Capri Theatre Thursday evening, Aug. 1. Sponsored by joint committees from Grossmont Hospital, San Diego and Miguel Aleman Hospital, Tijuana, the entire night's proceeds will be divided as a "hands across the border" charity event.

Government and civic dignitaries, socialites and celebrities from the Southwest on both sides of the border plan to attend in fiesta and formal attire for the gala occasion.

Among the stars in the big show is Cantinflas, famous Mexican comedian in his first American motion picture, along with David Niven, Shirley MacLaine and 50 world famous stars playing roles in the Jules Verne classic which is now classed as the "world's most honored film."

Produced by Michael Todd in Todd-AO, the road show engagement at the Capri Theatre is only one between Los Angeles and Dallas and some \$75,000 has been spent to install the Todd-Ao equipment necessary for the presentation.

All seats are reserved and regular performances follow the premiere with matinees Wednesdays, Saturdays, Sundays at 2 p.m. Nightly at 8:30 p.m. except Sundays at 7 p.m. Seats are now on sale for the next eight weeks with mail orders promptly filled. A branch box office has been established in the U. S. Grant Hotel lobby.

### POINT LOMA OES TO MEET MONDAY

Point Loma Chapter 490, order of the Eastern Star, will meet Monday, Aug. 5 at 8 p.m. in the Masonic Temple, 1711 Sunset Cliffs Blvd.

Men's Night will be observed; presiding in the east will be Mrs. Clifford Bolander, worthy matron, and Edward Hardie, worthy patron. Clarence Strand will be chairman for the evening.

Traffic accidents in the unincorporated areas of California during the first five months of this year took the lives of 846 persons, according to the National Automobile Club. That represented a decrease of 5.1 per cent from the number killed during the same period of 1956, when 892 persons were killed.
